AFROAMERICANOS

Go sound the trumpet! : selections in Florida's African American history

Edited by David H. Jackson, Jr.
Tampa, FL : Florida A&M University, 2005.

975.9 GOS

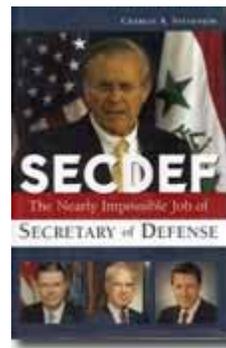

Adopts Florida's incredibly rich and deep African American history as its foundation, placing Sunshine State personalities, events, and circumstances within the context of regional and national experiences. African Americans have participated in virtually every aspect of Florida's development and evolution even though credit for accomplishments and their resulting legacies often has gone to others if it has received recognition at all.

William H. Chafe
Cambridge, MA : Harvard University Press, 2005.

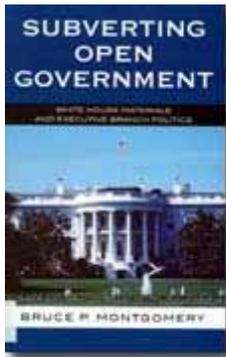

973.099 CHA

The author examines some of the most significant political

leaders of the modern era in order to explore the relationship between their personal patterns of behavior and their political decision making processes. The result is a fascinating look at how personal lives and political fortunes have intersected to shape America over the past fifty years.

Subverting Open Government : White House Materials and Executive Branch Politics

Bruce P. Montgomery
Lanham, MD : Scarecrow press, 2006.

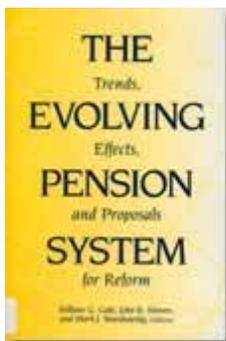

342.73 MON

Some of the most significant disputes between the legislative and executive branches of government erupted when Congress requested information to

ensure executive accountability. This book addresses this major theme under various presidential terms from the Reagan years to the second Bush administration, including publicity and secrecy, legislative and executive branch conflict over presidential materials, and historical legacy versus open government.

POLITICAS PUBLICAS

The evolving pension system : trends, effects, and proposals for reform

Edited by William G. Gale [et al]
Washington, DC : Brookings Institution Press, 2005.

331.25 EVO

Examines the foundations and the

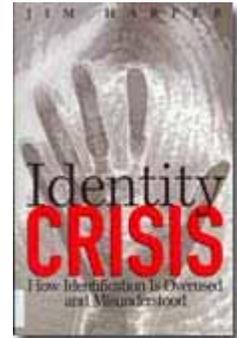

future of America's private pension system. It provides a broad overview of the

underlying characteristics and economic effects of existing pension policy, as well as alternative views on how public policy toward pensions should evolve in the future.

Identity crisis : how identification is overused and misunderstood

Jim Harper
Washington, DC : Cato Institute : Distributed to the trade by National Book Network, 2006.

323.448 HAR

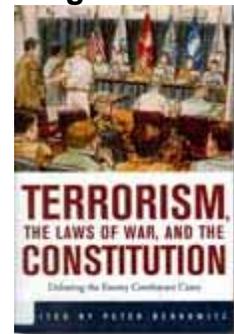

Author argues that privacy and security can best be achieved by resisting the relentless demands for technologies of global identification, which threaten privacy without increasing security, and also argues for technologies of authorization that allow individuals to decide how much of themselves to reveal.

TERRORISMO

Terrorism, the laws of war, and the Constitution : debating the enemy combatant cases

Edited by Peter Berkowitz
Stanford, CA : Hoover Institution Press, 2005.

343.73 TER

Examines three significant enemy combatant cases: Padilla, Hamdi, and Rasul that represent the leading edge of U.S. efforts to devise legal rules, consistent with American constitutional principles, for waging the global war of terror. Analyzes the crucial questions these cases raise about the balance between national security and civil liberties in wartime.
